Ref: Racial Profiling Video Audit 2018

Date: 2-21-2019

After conducting random viewing of in-car video's from various patrol deputies vehicles during the calendar year 2018, at no time did I observe any type of conduct that would indicate to me that deputies within the Lamb County Sheriff's Office are involved in any form of racial profiling. During the calendar of 2018, I received no citizen complaints on any deputy within the L.C.S.O. for racial profiling or. any other type of unprofessional conduct. After reviewing the in-car video's it is my opinion the deputies who are employed by the L.C.S.O. conducted themselves in a truly professional-manner at all times when in contact with the general public.

Racial Profiling Policy

I. PURPOSE

The purpose of the policy is to reaffirm the Lamb County Sheriff's Office's Commitment to unbiased policing in all its encounters between officer's and any person; to reinforce procedures that serve to ensure public confidence and mutual trust through the provision of services in a fair and equitable fashion; and to protect our officers from unwarranted accusations of misconduct when they act within the dictates of departmental policy and the law.

II. POLICY

It is the policy of this office to police in a proactive manner and, to aggressively investigate suspected violations of law. Deputies shall actively enforce state and federal laws in a responsible and professional manner, without regard to race, ethnicity or national origin. Deputies are strictly prohibited from engaging in racial profiling as defined in this policy. This policy shall be applicable to all persons, whether drivers, passengers or pedestrians.

Deputies shall conduct themselves in a dignified and respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Racial profiling is an unacceptable patrol tactic and will not be condoned.

This policy shall not preclude deputies from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost or confused. Nor does this policy prohibit stopping someone suspected of a crime based upon observed actions and/or information received about the person.

III. DEFINITIONS

Racial Profiling- A law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants or other citizen contact

The prohibition against racial profiling does not preclude the use of race, ethnicity or national origin as factors in a detention decision. Race, ethnicity or national origin may be legitimate factors in a detention decision when used as part of an actual description of a specific suspect for whom an officer is searching. Detaining an individual and conducting an inquiry into that person's activities simply because of that individual's race, ethnicity or national origin is racial profiling. Examples of racial profiling include but are not limited to the following:

1. Citing a driver who is speeding in a stream of traffic where most other drivers are speeding because of the cited driver's race, ethnicity or national origin.
2. Detaining the driver of a vehicle based on the determination that a person of that race, ethnicity or national origin is unlikely to own or possess that specific make or model of vehicle.
3. Detaining an individual based upon the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

A law enforcement agency can derive at two principles from the adoption of this definition of racial profiling:

1. Law enforcement may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, while Deputies may use race in conjunction with other known factors of the suspect.

2. Law enforcement officers may not use racial or ethnic stereotypes as factors in selecting whom to stop and search. Racial profiling is not relevant as it pertains to witnesses, etc.

Race or Ethnicity- Of a particular decent, including Caucasian, African, Hispanic, Asian, or Native American.

Pedestrian Stop- An interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

Traffic Stop- A peace officer that stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic

IV. CITATION DATA COLLECTION & REPORTING

Deputies are required to collect information relating to traffic stops in which a citation or warning is issued. On the citation deputies must include:

1. the violators race or ethnicity;
2. whether a search was conducted;
3. was the search consensual; and
4. arrest for this cited violation or any other violation.

By March of each year, the Lamb County Sheriff's Office shall submit a report to their governing board that includes the information gathered by the citations. The report will include:

1. a breakdown of citations by race or ethnicity;
2. number of citations that resulted in a search;

3. number of searches that were consensual; and
4. number of citations that resulted in custodial arrest for this cited violation or any other violation.

Not later than March 1st of each year, this office shall submit a report to our governing body containing this information from the preceding year.

Filing a Complaint with The Lamb County Sheriff's Office.

*The following information has been disseminated to the public as part of an educational campaign aimed at informing community members of the complaint process relevant to violations of the Texas Racial Profiling Law.

UNDERSTANDING THE PROCESS

Once an individual has filed a complaint regarding racial profiling, he/she should expect the following process to commence:

THE INTERVIEW

A Deputy Sheriff (rank of investigator or higher) will interview the individual filing the complaint. The Deputy will ask the alleged victim questions about what happened. It is possible that the Deputy may be able to explain the Deputies actions to your satisfaction.

- Usually, the alleged victim will be interviewed at the Sheriff's Office. It is possible that he/she may be videotaped during the interview.
 - The individual filing the complaint may bring a lawyer, family member or friend to the interview.
 - The Deputy Sheriff will ask the individual filing a complaint for the names of witnesses and other police officers that may know facts about the complaint.
 - A Deputy Sheriff photographer may take pictures of any injuries that the alleged victim think are related to the complaint.
 - Texas State Law requires that complaints involving police officers be in writing and signed by the person making the complaint.
-

THE INVESTIGATION

After the interview, the Lamb County Sheriff's Office will investigate the alleged misconduct. Investigators will talk to witnesses and visit the site of the incident.

- The investigators will consist of Deputy Sheriff's assigned by the Sheriff.
- All officers will be interviewed and witnesses whom the alleged victim has named will be contacted and interviewed, if they agree.
- The alleged victim will receive a letter regarding the progress of the investigation. Although it is impossible to estimate how long the investigation will take, the alleged victim will receive periodic reports on its status.
- A report will then be prepared.

THE REVIEW PROCESS

The Sheriff reviews every complaint after the investigation is completed and a report is written.

- If the complaint includes excessive force or charges a Deputy with a crime, the case will be forwarded to the Texas Department of Public Safety Texas Rangers Section for Investigation.
 - The assigned Ranger will review your complaint, statements from all witnesses and reports from the investigation. The assigned Ranger may ask for additional information before making its recommendations to the Sheriff.
 - The results of investigations that suggest there are no charges that the Deputy Sheriff used excessive force or committed a crime are also reviewed by the Sheriff.
 - The Sheriff reviews investigations and makes the final decision on all complaints.
-

THE FINDINGS

The results of your complaint are called "findings". There are four possible findings:

- **Sustained** - The complaint has been supported: The Deputy(s) involved acted improperly and may be disciplined.
- **Unfounded** - The investigation found no basis to the complaint filed.
- **Exonerated** - The Deputy(s) involved acted properly and will not be disciplined;
or
- **Not provable** - There was not enough evidence to prove the complaint true or false so no further action will be taken.

The Sheriff will decide on a finding after the complaint has been reviewed. Further, the Sheriff will inform the alleged victim through an official letter of the final decision.

Community Partnerships

Although the Lamb County Sheriff's Office has always enjoyed the support of the community, since January 1, 2002, it has made extraordinary efforts to reach out to community leaders. This effort has been well received by the Lamb County community; particularly, members of the minority community.

The Lamb County Sheriff's Office, through its Public Information, has kept the public informed of the traffic contact data collection effort. Further, it plans to present the data analyzed, on or before March 1, 2019, to members of County Commissioners Court, as well as file a report with T.C.L.E.O.S.E for public viewing. This will be done in an effort to keep community leaders informed on the current practices of the LCSO.

A COMMITMENT TO RESPOND TO THE NEEDS OF THE COMMUNITY

The Lamb County Sheriff's Office has made a commitment to its citizens regarding the following:

1. The department shall accept complaints from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint.
2. Any employee who receives an allegation of racial profiling, including the officer who initiated the stop, shall record the person's name, address and telephone number, and forward the complaint through the appropriate channel or direct the individual(s). Any employee contacted shall provide to that person a copy of a complaint form or the department process for filing a complaint. All employees will report any allegation of racial profiling to their superior before the end of their shift.
3. Investigation of a complaint shall be conducted in a thorough and timely manner. All complaints will be acknowledged in writing to the initiator who will receive disposition regarding said complaint within a reasonable period of time. The investigation shall be reduced to writing and any reviewer's comments or conclusions shall be filed with the Sheriff. When applicable, findings and/or suggestions for disciplinary action, retraining, or changes in policy shall be filed with the Sheriff.
4. If a racial profiling complaint is sustained against an officer, it will result in appropriate corrective and/or disciplinary action, up to and including termination.
5. If there is a departmental video or audio recording of the events upon which a complaint of racial profiling is based, upon commencement of an investigation by this Office into the complaint and written request of the officer made the subject of the complaint, this Office shall promptly provide a copy of the recording to that officer.

Analysis

The data presented in this report contains valuable information regarding Deputy contacts with the public between 1/1/2018 and 12/31/2018. Despite its value, the raw data does not present much information relevant to racial profiling trends.

Thus, it is felt that further analysis of the data is warranted. As such, data was obtained through the South Plains Association of Government (SPAG). The data obtained from SPAG included the race and gender of persons in Lamb County during the 2010 Census.

When comparing the County residents who came in contact with the Lamb County Sheriff's Office during 2018 with those who, according to SPAG, were residents of the County during their most recent demographics profile, the data produced interesting findings. That is, the number of deputy contacts with White drivers, when compared to the number of White county residents, which were approximately 40.6%, demonstrated that the number of white residence citations with the deputies were 33.3%.

In addition, when analyzing, in the same manner, the data relevant to individuals of African descent, that is, the number of deputy citations with African American drivers, when compared to the number of African American county residents, which were approximately 5.1%, demonstrated that the number of African American residence contacts with the deputies were 5.12%.

In addition, when analyzing, in the same manner, the data relevant to individuals of Hispanic descent, that is, the number of deputy citations with Hispanic drivers, when compared to the number of Hispanic county residents, which were approximately 53.8%, demonstrated that the number of Hispanic residence contacts with the deputies were 61.5%.

In addition, when analyzing, in the same manner, the data relevant to individuals of Asian descent, that is, the number of deputy contacts with Asian drivers, when compared to the number of Asian county residents, which were approximately 0.3%, demonstrated that the number of Asian residence contacts with the deputies were 0.0%.

When analyzing the data, it is clear that no indication of racial profiling exists within the Lamb County Sheriff's Office.

Summary Statement

The findings suggest that the Lamb County Sheriff's does not currently experience a problem regarding racial profiling practices. This is supported by the fact that it has not received complaints from community members regarding officers misconduct associated with racial profiling practices.

The continuing effort to collect police contact data will assure an on-going evaluation of the Lamb County Sheriff's Office practices. Thus, allowing for the citizens of the Lamb County community to benefit from professional and courteous service from their Sheriff's Office.

Recommendations

Based on the findings introduced in this report, the Sheriff, along with command staff, have agreed to adopt the following measures aimed at addressing potential racial profiling problems:

- Provide further racial sensitivity training to its police personnel as required by law
- Disseminate information to all deputies regarding the guidelines of behavior acceptable under the newly adopted Texas Racial Profiling Law
- Keep County Commissioners and other County officials informed of measures being implemented at the Lamb County Sheriff's Office.
